201 High Street
Farmville, Virginia 23909
Bid Due: March 29, 2005 at 2:00 p.m. local time.

This Addendum includes the following page(s) for a total of (17) pages:
Text: (2) pages
Specifications: (4) pages
Sketches: (11) sketches

SKETCHES MAY BE RECEIVED BY CALLING 434.395.2093. THEY MAY BE FAXED TO YOU.

TO ALL BIDDERS: The following constitutes Addendum No. 2 to the Contract Documents dated March 14, 2005, for Longwood University in Farmville, Virginia. This addendum shall be attached to the Contract Documents and shall be part thereof to the same extent as if it were originally included. The contractor shall be responsible for coordinating these changes as they affect other work in the Contract Documents. Bidders shall acknowledge receipt of this addendum on their bid form. Contractors shall verify that their Subcontractors have included all Addendum items in their bid.

REV I S I O N S T O T H E P R O J E C T M A N U A L:

1. Use bid form attached to Addendum #1.

2. Add to Specification SECTION 01000 the following:

5.1 ACCESS TO SITE
Truck access to the site will be strictly limited to the section of Longwood Avenue from RT460 to Johnston Drive.
3. **Revise Specification SECTION 01500 2.1-C as follows:**
Delete this paragraph in its entirety and replace with: Site Enclosure Fencing: Provide 4'-0" high orange plastic construction fencing at the perimeter of the site. Include a total of 3,120lf of fencing and (2) 16'-0" gates, one at the construction entrance and one at the Johnston Drive side of the site.

4. **Revise Specification SECTION 01500 3.4-D as follows:**
Delete this paragraph in its entirety.

5. **Revise Specification SECTION 02200 3.6.C to read:**
"The removal and disposal of unsatisfactory material and the replacement with satisfactory material as directed by the Soils engineer shall be paid by unit prices included in the Contract Documents. The net difference between the actual unsuitable material excavation and the estimated volume listed in the Contract Documents shall be applied times the contract unit price for adjustment of the final payment."

6. **Revise Specification SECTION 02200 3.8.C to read:**
"Rock excavation shall be paid by unit prices included in the Contract Documents. The net difference between the actual trench rock excavation and the estimated volume listed in the Contract Documents shall be applied times the contract unit price for adjustment of the final payment."

7. **Revise Specification SECTION 02900 2.2.B to read:**
The seed mixture for areas to receive temporary seeding shall conform to Table 3.31 of the *Virginia Erosion and Sediment Control Handbook*.

8. **Revise Specification SECTION 02900 3.2.A to read:**
"Prior to planting seed, the areas shall be brought to proper finished grades and previously graded areas shall be repaired as necessary. Spread over the entire area ground lime at the rate of two tons per acre. Commercial fertilizer 10-20-10 shall be uniformly spread over the entire area using an approved seed drill, at a rate of 500 lbs. per acre or 12 lbs. Per 1,000 sq. ft. work fertilizer and lime into soil to depth of 3 inches by disk, harrowing, or other approved methods."

**REVISIONS TO THE DRAWINGS:**

Sheet T1.1

1. **Erosion and Sediment Control Narrative.** In the section titled MANAGEMENT STRATEGIES add a new paragraph stating “7. Upon completion of the rough grading for the site the Contractor shall clean out accumulated sediment from the sediment traps and shall restore all erosion and sediment control measures to proper working condition. These erosion and sediment control measures will remain for subsequent phases of the project. The Phase 1 contractor will be responsible for the erosion and sediment control measures until final inspection by the University and Engineer and acceptance by the University.”

2. **Erosion and Sediment Control Narrative.** In the section titled MAINTENANCE add a sentence to the third paragraph stating “Do not apply permanent seeding to the athletic fields.”

Sheet C1.0

3. **Addition of Site Wall.** See sketch CX1.1.

4. **Upper Drain Pipe Addition, Electrical Box Addition and Lacrosse Field 10’ Southward Expansion.** See sketch CX1.2

5. **Upper Drain Pipe Addition, Electrical Box Addition.** See sketch CX1.3.

6. **Area Drain Addition and 6” CMP Replacement.** See sketch CX1.13.

7. **Clarification:** All concrete walls (including wall added by this addendum) are cast-in-place architectural concrete and are covered in the specifications under Division 3 Section, “Cast-in-Place Architectural Concrete”.

Sheet C2.0

1. **Field Extension and Site Wall Addition.** See sketch CX1.4.
Sheet C3.0

1. **Storm Structure 4 Revisions.** See sketch CX1.5.

Sheet C4.3

1. **Electrical Box Detail.** See sketch CX1.6.

Sheet C4.4

1. **Concrete Retaining Wall Detail.** See sketch CX1.7.
2. **Concrete Retaining Wall Detail.** See sketch CX1.8.
3. **Concrete Retaining Wall Detail.** See sketch CX1.9.
4. **Site Wall Addition Detail.** See sketch CX1.10

**END OF ADDENDUM NO. 2**

**NOTE:** A signed acknowledgment of this addendum must be received at the location indicated on the RFP either prior to the proposal due date and hour or attached to your proposal. Signature on this addendum does not substitute for your signature on the original proposal document. The original proposal document must be signed.

Very truly yours,

James E. Simpson, CPPB, VCO
Director Materiel Management
